

Brazil enjoy the privilege of financial aid through “BOLSA ATLETA”

CBCM - Confederação Brasileira de Culturismo e Musculação

WBPF Brazil gets financial aid from their government and they have been included in the “BOLSA ATLETA” a program designed to provide support to the athletes in purchasing health food supplements.

This support is being given only to those athletes who are members of the CBCM/WBPF and many athletes in Brazil are now crossing over to join the CBCM and participate in the WBPF competitions.

Kudos to Reginaldo Gomez and all members of the CBCM
